Re: Amendment Proposal, DKG Quarry, M/015/041

Dear Paul,

We appreciate your recent visit to our quarry site on August 17, 2005. During our visit we discussed moving the approach road to the existing mine site, which would in all actuality decrease the disturbed area within our quarry once it is reclaimed.

We, hereby, formally request an amendment to our plan to proceed with that change. We have enclosed a map of the changes that would be made to the road. A letter is also being sent to Rebecca Doolittle at the BLM office in Price, Utah for their formal approval.

Thank you for your consideration and preparation into this matter.

Sincerely,

*Karen Palmer*
